PLANT FIBRE PLATES AND BOWLS

Made from unbleached plant and bamboo fiber, our plates and bowls are microwave-safe, PFAS-free, and completely compostable.

BAMBOO FIBRE COMPOSTABLE CUPS

These bamboo fiber cups are durable, leak-resistant, and suitable for hot and cold drinks.

BIRCH KNIVES, FORKS AND SPOONS

FSC-certified birch cutlery. This ensures that they are grown sustainably in well-managed forests to maintain a balanced ecosystem.

WHEAT STRAWS

Our straws are made from wheat stalks left over from harvest that would normally be discarded. Instead, the stalks are cut, cleaned, and sorted to give you a non-soggy, gluten-free, and compostable straw!

RECYCLED-PAPER NAPKINS

These unbleached napkins are as absorbent as they are environmentally responsible because they are made entirely from recycled materials.
