PLANT FIBER PLATES AND BOWLS
Made from unbleached plant and bamboo fiber, our plates and bowls are microwave-safe, PFAS-free, and completely compostable.

BAMBOO FIBER COMPOSTABLE CUPS
These bamboo fiber cups are durable, leak-resistant, and suitable for hot and cold drinks.

BIRCH KNIVES, FORKS AND SPOONS
FSC-certified birch cutlery. This ensures that they are grown sustainably in well-managed forests to maintain a balanced ecosystem.

WHEAT STRAWS
Our straws are made from wheat stalks left over from harvest that would normally be discarded. Instead, the stalks are cut, cleaned, and sorted to give you a non-soggy, gluten-free, and compostable straw!

RECYCLED-PAPER NAPKINS
These unbleached napkins are as absorbent as they are environmentally responsible because they are made entirely from recycled materials.
