

PALM LEAF TABLEWARE

- 100% compostable and biodegradable
- All natural fallen palm leaf
- Every plate and bowl is unique
- Strong (can be lightly cleaned & re-used)
- No trees are harmed during manufacturing

100% CHEMICAL-FREE PRODUCT

The palm leaf production process does not involve any chemicals, additives, synthetic materials, or strengthening agents.

No trees were harmed in the production of this tableware. The fallen sheaths (which would otherwise be wasted) are collected, washed, and pressed, then delivered to you. The plates are microwave safe, oven safe, and are the sturdy high-quality disposable & biodegradable tableware option.

Each plate and bowl will have different patterns and shades of rich browns and dusky yellows because each leaf is naturally different!
